

Six Great Benefits of Using OxiGenesis™ Hyper Concentrate

A patented formulation using EnviroX Proprietary Hydrogen Peroxide Technology

1 Complete Cleaning & Disinfecting Program

Disinfection is a process, not a product.
Step 1: Clean, Step 2: Disinfect*

OxiGenesis™ Hyper-Concentrate is the first ever concentrated cleaner and disinfectant to use NEW EnviroX patented Hydrogen Peroxide Technology. This patented formula offers incredible cleaning versatility and powerful broad-spectrum hospital disinfection in one bottle. Designed as a complete cleaning and disinfecting program—First, clean the surface with Regular Duty BLUE dilution. Then, use Heavy Duty RED® dilution to disinfect wherever disinfection is needed.

2 No PPE Required When Diluted†

- Not GHS regulated.
- Certified NSF D1
- Suitable for everyday use!
- Low odor—contains no harsh alcohol smell or chemical fumes.

3 Versatility

- OxiGenesis is an amazing low-residue multi-purpose cleaner plus a fast broad-spectrum disinfectant! Use as a bathroom cleaner, degreaser, carpet spotter, glass cleaner, sanitizer, disinfectant and more!
- Fast, broad-spectrum, hospital disinfection that kills bacteria and viruses in 5 min. or less!‡
